As a way to reach students and their families, I am letting you know that the 2021 Tiger Yearbook can be paid for at enrollment. The cost this year will be \$25 for the first book and \$20 for any other books that are purchased. Should you choose not to purchase at enrollment, a yearbook staff member will be in contact with you at a later date. All students (Preschool thru 12th grade) are included in the book.

The 2020 yearbooks will not be in until the end of September or first of October and will be distributed at that point. If you did not order one and would like to purchase it or want another, you can still do so as there are extras for sale. The cost will be \$20.

If you are definitely (or possibly) interested in either of these books and want to wait to pay, please email me at kgrafel@natoma-usd399.net.

Thank you!
